修習課程 Areas of study available	<p>Business and Economics (Faculty of Economics and Business)</p> <p>Students can select one of the different campuses (Antwerp, Leuven, Brussels) to study. The 3 cities are relatively near each other with the campus in the center of the cities. Antwerp is 50 minutes by train from Leuven and Brussels is 25 minutes by train from Leuven. Students can also decide to live in Leuven, but follow classes in Brussels. However, <u>students cannot combine courses from different campuses</u>. They need to select one campus for classes due to practical reasons.</p> <p>The course offer in the different campuses differs, so it might be worthwhile checking this varied course offer. More information on the course offer in the different campuses.</p> <p>To give you an idea:</p> <ul style="list-style-type: none"> ◆ <u>Campus Antwerp</u> has some interesting Business courses with a focus on the Harbor logistics (but of course there also other courses). ◆ <u>Campus Brussels</u> has a strong focus on Business and Management (both Bachelor and Master entirely in English with additional minors) ◆ <u>Campus Leuven</u> has a smaller offer on the Bachelor level but it has a large offer for the Master with many interesting courses in Economics.
修課限制 Areas of study NOT available	Other areas then Business and Economics (Faculty of Economics and Business).
住宿 Accommodation	<p>Housing</p> <p>We advise students to arrive well before the start of their courses in order to arrange their housing. Arrive at least two or three weeks in advance, or visit sometime in the summer and book a room then.</p>

	<p>It is risky to make a choice from abroad, without having viewed at least a few rental units personally. Most private landlords use a contract in Dutch, it is important to understand the contract before signing it. According to Belgian law, a contract once signed, cannot be terminated before it expires. Moreover, most landlords prefer to rent to students they have met personally.</p> <p>The week before the start of the academic year is the most difficult time to find both temporary and permanent accommodation.</p>
生活費 Living cost	<p>Cost of living</p> <p>It is very important that you assess the financial means necessary for living and studying in Belgium. Exact estimates of study and living expenses are difficult to make because of the ever-rising cost of living and individual differences in life style.</p> <p>You will need between €750 and €1350 a month (rough estimation) to cover your living expenses in Belgium, depending if you are travelling with or without family members. This includes study necessities, housing (including rent, heating, water, electricity), meals, clothing (including washing), medical expenses and insurance, others (e.g. recreation, grocery store, transport ...)</p>
